Introduction

Your animals can be your best friends in life. Just like us, they also have their unique personalities. We may not always know their exact time of birth but we can still look at the chart for the day of birth and determine an incredible amount of information. If the exact time is unavailable a Sun sign chart will be used as the basis for the chart. We can benefit by knowing where our pets' full potential might be met. And like our human friends there may also be difficult areas of their personalities, which we must learn to accept or correct. Not all dogs are suited for agility or obedience. Some will do better at guarding their masters; others might behave well in conformation. By understanding the potential of our dogs we seek ways to improve what already exists and accept things that are sometimes unchangeable or a challenge.

There are 4 basic elements that make up a chart; they are earth, water, air and fire. If Second Edition has 4 or more planets in one of these elements she is considered to have more than average. By giving a weight or number to these planets we can determine if the chart has tendencies that would be influenced by being overweighted in that particular element. The Ascendant, Midheaven and planets on the angles are also given a number, which is included in determining the makeup of a chart.

Element Emphasis

Air Sign Emphasis: (Score of 1,5,9,13)

Second Edition has an abundance of air in her chart. This makes Second Edition high-strung and ready for action. She could run circles around you and other animals in the household. Tuned in to your every movement, Second Edition senses when you're ready to move or do anything she can be included in. Second Edition needs to have a job that will put her intelligence to use constructively. If left alone, Second Edition can display destructive tendencies due to boredom. Leave the TV or radio on when alone so her active mind has some stimuli to keep negative behavior away. Give her a job. Herding other small animals or occasionally watching over children could be just what she needs to keep her busy mind active. As a companion pet, Second Edition proves very entertaining and can be the life of the party. The social element or diplomat in a house of other pets. Second Edition loves to travel and will beat you to the door when she hears keys rattle.

Ascendant

The ascendant, or sign on the horizon at birth, changes approximately every 2 hours. To get a true picture of an animal a time of birth is very helpful. From the ascendant, not only do we learn the appearance and characteristics of an animal, we also derive a pattern for the chart itself. The ascendant is the face we show to strangers, animal and human alike. We may view Second Edition as her Sun sign, but others will see the sign on the ascendant. The rising sign dictates how Second Edition portrays herself to others. These characteristics are entirely different from what we see on the home front. Learn more about how others see Second Edition.

Scorpio Rising:

Second Edition may seem reserved but watch out once you earn the respect of this dog. Second Edition is intuitive to every thought you have, often proving clues of this when she is waiting for you at the door with leash or keys. If there is a mystery to be solved Second Edition would be the one to put on the case. If someone or something is missing she won't rest until she helps you find it. Second Edition could easily become a search dog for drugs and terrorists alike. Often a secret space can be found where numerous missing articles of clothing can be found. One shoe, one glove, keys, you name it, Second Edition has already found it and placed it in a safe place. She may not always remember where she hides it but just the same it's hers. These dogs love to own you along with their many possessions stored throughout your house and yard. Loyal to the end, Second Edition prefers your company alone and does not relish sharing you when a new person or pet enters your life. Second Edition looks right through you and can sense when you're upset or hurt. Harsh words or reprimands are remembered for life and she will never forget a friend or foe. Keep active with daily swims and walks through wooded path.

Sun

Sun Signs give the basic identity of an animal. This is the real side you will see once she trusts you enough to show it to you. Although not always apparent to strangers, to those she lives with, there is no question what Second Edition is really like. The basic needs and patterns in life are strongly governed by the Sun. Where it is found in the chart will

influence that area of your dog's life strongly. She will put her best paw forward in this area, being noticed by all.

Sun in Libra:

Second Edition enjoys the company of a companion; she should come with a sibling. Second Edition will not be happy unless you are available 24 hours a day. Never standing for dissension, Second Edition will be the one making sure everyone gets along. Fighting is not allowed - the world is too beautiful and has many things to explore. Pretty and perky, Venus ruled Second Edition is as beautiful in appearance as she is in motion. The true socialite, Second Edition does everything right to please you and become number one in the household. She is a very social animal and can be the life of the party. Second Edition appreciates aesthetics and enjoys a daily dose of grooming. Second Edition likes to try to outsmart you, and is often seen making up clever games as she goes along. Of course the rules are usually made to suit her.

Sun in the 10th house:

Lassie must have had a tenth house Sun. These dogs were meant for fame. If shown in conformation ring they are the ones who break records placing Group I time after time. Second Edition may have to wait a little longer for gratification but she always gets it. It doesn't matter what she does along the way fame and fortune will eventually find Second Edition despite delays. The public loves Second Edition and she loves to be seen in winning positions that she knows come with their own rewards.

Moon

The Moon tells us how dogs bond with us on an emotional level. Now, we all know dogs have emotions but they show it in different ways. The Moon demonstrates what she really loves in life. This is the treat to their humdrum day. If wanting to know what to buy for a pet look to the moon sign to determine the perfect gift.

Moon in Libra:

Second Edition needs a relationship. If it's not with you she will bond well with the other animals in the household. The social organizer, she will be the one that sees to it that all join in the festivities and get along without any snarling. The mediator and peacemaker, Second Edition will offer her own toys to make amends should you or other animals be cross with her.

Moon in the 11th house:

Second Edition is probably the most popular dog in the neighborhood often bringing home her friends. She can belong to a group of dogs and get along quite nicely with all. Second Edition has a stubborn streak that needs to be corrected from youth. Obedience lessons might be helpful but she will still outsmart you.

Moon Trine Mars:

Second Edition moves with grace and precision, putting all her effort into the task at hand. Seemingly effortless in all she does, Second Edition's movements are fluid and performed without distraction. She feels her next move before taking it. Raising pheasants/grouse would be a sport Second Edition might enjoy. Second Edition's senses alert her to the

whereabouts of hidden things. Ready for action and in tune with your emotions, Second Edition will please you continuously with many loving gestures. Her cold nose will be the first thing to wake you, bringing you the leash and maybe a slipper or two.

Moon Trine Uranus:

Wired for sound, these emotional, intuitive animals sometimes go to extremes to show you their feelings. Second Edition may whine or cry for you when you're not there but just as suddenly get up and leave for private time or to visit her other animal companions. Friendly with all and usually an initiator of play with other animals. Second Edition will make sure that all are included in activities, often impressing everyone with her silly antics. Second Edition may have many characteristics that you consider more human than animal. She seems to be on the same wave length as you and often lets you know she is aware of what you are thinking. Aware of sudden changes in the environment, Second Edition can sense when something is askew. Second Edition's judgment of others is to be trusted and she could alert you to problems before your senses are aware of them. Observe her alert and sometimes over-reactive response to stimuli. Second Edition does not like loud noises or sudden movements. She can sense danger and will let you know in no uncertain terms if she does sense it.

Mercury

Mercury in the chart shows us a little bit about the intelligence of an animal. For every human that is a little slow and methodical in their thinking there is another who is quick and intelligent in their response. Although a dog can't write or talk to us, there is a certain communication that she shares with other animals and humans. Some are quick learners while others take a more practical approach to learning. Mercury shows you strengths or obstacles that may occur in the process.

Mercury in Virgo:

Often seen pacing, Second Edition has a hard time quieting her active mind. Always worried, she looks as if she is fretting with a wrinkled brow. Is everyone happy? Is everyone eating? Is someone sick? These seem to be the things that Second Edition worries about most. Not happy unless caring for others; if there are no other animals you will be her object of concern. Always vigilant and observant of everything you do, Second Edition will not rest until you do. Wanting to heal you and care for you, Second Edition can be seen at your side. Since she will be worried and anxious until you return it might be easier to include her in your daily activities. Take her to work so she can worry about your coworkers as well; they will get a real charge out of this little powerhouse. Always in motion, her nervous energy may get the better of her. Show Second Edition how to relax and take time out for outdoor activity. Her love of birds and aerial chases is well known.

Mercury in the 10th house:

Second Edition is probably known for her high scores in national obedience trial. Second Edition can do anything and will work her way up to the highest possible level in any contest you decide to enter her. Second Edition has been known to show off her higher than average intelligence by showing you a few tricks of her own.

Mercury Sextile Saturn:

Second Edition can work until she drops, always coming back for more. She loves to help you and show you what she can do. Always ready to learn a new trick so that she can savor the reward. Second Edition will be more than happy to work hard for you. Persistent and vigilant in all she does, Second Edition is always on guard for you and other animals that may be in her charge. Second Edition will prevail through thick and thin and can be seen enduring difficult times along with the good ones. Always managing to come out ahead in the long run, Second Edition will attempt anything to get a compliment from her master.

Mercury Square Pluto:

You may have a few power struggles with Second Edition when she is young. Hopefully obedience training will have straightened a few things out for her as she grows up. Although often wanting to display dominance over you and other animals, Second Edition can be taught the right place in the pecking order. A little extra attention and reward works well. "I will please you if you please me in return." Let Second Edition know she is second boss to you and you will have a happy relationship.

Venus

Venus specifies the object of desire in a chart. This could be another dog or a favorite toy - it could even be you or another member of the family. When Second Edition sees this object there's no looking back. Venus placement could help you find a suitable match for Second Edition someday. There are soul mates out there for everyone including dogs. Dogs' souls also stand the test of time. Humans are not the only ones governed by karma. Let Venus lead you and your dog to happiness in finding true love.

Venus in Libra:

Second Edition may think she owns all rights to you, finding it hard to share you with other members of the household. You belong to her and sharing is not part of the bargain. She showers you with gifts often hidden from view until the right moment is available. Second Edition can be seen in protective stances surrounding your every move. Let no one come between you or intend harm or there will be dues to pay. Second Edition may be sensitive and will go into seclusion if her feelings are hurt. It may take more than your ordinary amount of coaxing to bring her out of her shell especially if trust is lost. She may never forgive you.

Venus in the 11th house:

How often have you had to ask your dog's friends to go home? Second Edition loves her friends even over you. She loves you too, but keep this dog surrounded by a variety of animals and people and she will not disappoint you. Often showering everyone with affection, she has enough for all. Second Edition's magnetism draws other animals to your house and you will always have company. Finding their rightful owners could prove difficult. Keep this social animal in constant motion; visits to neighbors and family will be expected. Everyone is Second Edition's best friend.

Venus Square Saturn:

Second Edition needs a little extra effort to motivate her. She will have to be reminded

often of the reward or her enthusiasm will be lacking. Her disappointments in life are often because of her own misdoing. Asked to remain outside or out of certain areas, she will most certainly attempt to test you on this often. Willing to chance everything for one more try.

Venus Trine Neptune:

Second Edition is in love with love. Shower her with kisses and affection and they will return triple fold. You are her knight in shining armor. The day rises and sets with you and she will never forget to remind you of this.

Venus Sextile Pluto:

Second Edition knows how to show you who's boss. Other animals and humans will show her the respect she deserves. Noticed by judge and strangers alike Second Edition will impress everyone with her soundness and secure sense of being. She seems to radiate an attitude of respect, "Don't mess with me."

Mars

Mars in a chart allows us to see where your dog's energy is and how she might use it. Will she be quick and aggressive or passive and resistant? Let Mars help you decide what activity your dog best qualifies for.

Mars in Pisces:

Second Edition will be so close to you, you may need surgical intervention to be separated. Always at your side, she doesn't even allow you time out in the bathroom. She senses what you do. Second Edition will do everything in her power to please you. Keep her close to your heart and body for her bond is beyond comprehension. If possible include her in all you do and if absent leave a piece of clothing that smells like you on her bed. Better yet, leave her use of your bed. Sensitive and emotional beyond belief Second Edition looks like she is crying when you do. Draw Second Edition out of her shell by including her in all you do. Develop a trusting relationship so that she knows that you will return. There is nothing you can do that would make Second Edition love you less. Second Edition worships the ground you walk on.

Mars in the 3rd house:

Second Edition makes it an effort to take a short trip every morning. It might be just to a couple of neighbors or around the block but without having this option of entertainment Second Edition can get very ornery, often punishing you with bad behavior when she is not included in your daily rounds or errands. Allow Second Edition time to explore and travel the neighborhood. Charming yet inquisitive. Second Edition attempts to communicate only by showing you her dominant side. She will have to learn a more submissive role if she wants to be accepted.

Mars Trine Moon:

Second Edition is a loving and loyal pet who bonds with your family as well as you. A loyal friend that will be seen around hearth and home. "Feed me and I will follow you everywhere." Second Edition also likes to see to it that others in the household are fed. Second Edition will be submissive to more aggressive dogs, usually being rewarded for

doing so. Tied strongly to her mother, Second Edition may be difficult to separate from her. Once separated she will bond with her human mother. Second Edition can surprise you with her caring sensitive nature. Canine good citizen title should be granted without difficulty. Visits to elderly and children alike will be rewarding for both. Second Edition will make you proud to be her friend.

Mars Conjunct Uranus:

The explosive sudden movement of this dog can make others take notice. Let Second Edition know early that unpredictable behavior will not be accepted. Show her boundaries to adhere to. Don't tolerate independent attitudes; show her who's boss early and you will have a loyal pet. Second Edition still prefers a wide variety of company. From the neighbor's iguana to the parakeets there isn't much she hasn't experienced. Unusual circumstances probably brought Second Edition into your life. Second Edition may be very perceptive of atmospheric changes in the environment as well as chemical imbalances in humans and she could communicate this to you in no uncertain terms.

Jupiter

Wherever Jupiter falls in your dog's chart is where she is most likely to find good luck and abundance. Here is where the route to all adventures begins. Follow Jupiter around the chart for an idea of where you can bring Second Edition the most enjoyment. Let her show you how to have fun and enjoy life in her own special way.

Jupiter in Virgo:

Second Edition's initial insecurities can be overcome with your constant reassurance and praise. Encourage her early to care for others. This may include other animals or even your own children. She will become an observant, attentive mother. Second Edition will make sure that everyone eats and is cared for. Going as far as bathing and cleaning other animals, Second Edition can be quite a little caretaker. She has even been known to bring other animals toys and food. Second Edition will always put them first. Always observant of danger, Second Edition is smarter than most and very tuned in to warning signals. Keep her watching the flock or property for trespassers, animal and human alike. Loyal to friends and family, Second Edition needs the companionship of others. A constant talker Second Edition will pant, whine or howl until she gets your attention.

Jupiter in the 9th house:

Visits to distant lands and foreign countries are not beyond Second Edition's reach. She enjoys travel of all varieties and can be seen spending time in multiple locations. Summer in the Hamptons, winter in Key West. There isn't much that Second Edition isn't included in. Able to communicate in many ways, Second Edition will respond to both a foreign language and sign language. Adaptable to different surroundings, Second Edition will be happy as long as you are at her side.

Saturn

Saturn in your dog's chart represents the disciplinarian or authority figure. This could be you or her own canine mother. This is the person who sets the limits on obedience and how Second Edition behaves. The rules learned here become known as Second Edition's

personal boundaries. Boundaries and limits are meant to be challenged - Second Edition instinctively knows how far she can push you. By learning where Saturn is in Second Edition's chart we find how to manage behavior with a disciplinarian approach she can live with.

Saturn in Cancer:

Second Edition's main authority figure is mom, either you or her canine mom. Much more responsive to the female authority figure in the household, she responds immediately to her voice with perfect obedience and attention. She knows exactly how far you can be pushed and will be very hurt when reprimanded, often walking away with her tail between her legs.

Saturn in the 8th house:

Second Edition doesn't like secretive behavior and if she thinks you have ulterior motives she could be missing in action. Full trust is required if Second Edition is to behave for you. If she feels that you are a trusting, willing partner her whole heart and soul will be yours.

Saturn Sextile Mercury:

Second Edition is quite a problem solver and if given a chore that requires practical intelligence she can show a methodical way of doing things that will have even you shaking your head. And you thought dogs couldn't be logical. Second Edition is one smart cookie and will prove to you that she can use her knowledge in some very helpful ways. Just ask her to find something. She may startle you with her quick and easy resolution to any problem or obstacle that you present to her.

Saturn Square Venus:

Okay, so Second Edition isn't the most attractive in her approach, she still gets the job done. Even if she did have to tear through your rose garden to do so she was still cute while doing it. Second Edition didn't mean to use the show ring for a latrine but she tried to tell you before you insisted she sit ringside. Second Edition may not set off bells with the judges but she sure can show you how much she loves you in everything else she does. Ready and willing to serve you forever, Second Edition is a loyal companion, never wanting to part from your side.

Uranus

Uranus, the planet of change and excitement, remains in a sign for approximately 7 years. For this reason it is considered one of the generational planets, affecting large groups of dogs born during the period. Uranus shows us where individualism is strongest. Genius abilities can be evident with the right training. Independence is also strongest here. Change in this area can be accomplished only by communicating on a different level of understanding, for example intuition, natural forces, habit, or other unconventional and inexplicable methods. Information is processed with lightning speed showing a higher intelligence at work.

Uranus in Aquarius:

Unselfish in all she does, Second Edition can impress you with her loving devotion. Caring for all in the family, her humanitarian efforts do not go unnoticed. Second Edition can be

seen helping other animals along the way and it is not unheard of for her to bring a few home with her for a free meal. She automatically senses those in need and will try to lend a hand. This does not exclude you and your friends as well. Intuitive to others she senses when there are troubled natures that need some loving attention. Second Edition can direct her attention to those individuals providing them with the gift of love. Through this she has accomplished more than she will ever know. Second Edition can be quite inventive and original when it comes to getting you to try new things. She is often the first to wake you, as her restless spirit does not allow much time for sleep. Her intuitive nature will know when you're ready and remind you with a gentle nudge and her leash when it's time to go. Sometimes her erratic behavior may surprise you, but this is only her response to external stimuli she has tuned in to. Of course this is beyond your comprehension unless you're as tuned in to things as she is. Watch for restless behavior and try to allow Second Edition some degree of independence for her to follow her natural calling to be with others.

Uranus in the 3rd house:

Second Edition communicates with others using very unique methods. If you are unable to understand her, trying a different method may be advisable. Second Edition requires a daily short trip around the block where she can be seen conversing with neighbor and stranger alike. Changeable in nature, Second Edition can often become involved in unusual happenings in her short travels through town. These can involve sudden accidents so use caution that Second Edition is always on leash and away from well-travelled roads.

Uranus Trine Moon:

If animals could show emotion then Second Edition would be at the top of the list. Moody or temperamental characteristics could have you thinking twice about what kind of animal you live with. Make sure Second Edition knows who's boss even when you're not there. Changes in environment can be difficult and her attitude will certainly let you know how she feels about it.

Uranus Conjunct Mars:

Second Edition could get in trouble with her sudden or impulsive behavior. Use caution in traffic and keep her on a leash. Second Edition's quick responses makes her well suited for agility or racing contests.

Neptune

Neptune gives you a view into your dog's soul. It shows us the mystical magical side to her that makes her tick. What is Second Edition's soul purpose in life? Is it to belong to you or does she have a greater mission? The house that Neptune is found in is where Second Edition will sacrifice all to obtain a higher position in your eyes. Neptune takes about 14 years to complete its cycle through one sign. Many generations of dogs will have Neptune in the same sign therefore house placement will be more important, with emphasis on the activities of the house.

Neptune in Aquarius:

Second Edition's conception of others is derived from her intuition as well as her other senses. She communicates by telepathy and does not understand why you cannot understand. She feels a part of all beings and the connection she makes with others is

quite interesting. Second Edition desires to help others and belong to the group. This is quite evident. Activities that are done with large groups of animals can be something Second Edition enjoys and looks forward to. Enjoying the feeling of being a part of the masses, Second Edition performs best with others.

Neptune in the 3rd house:

Second Edition communicates telepathically and gets her point across quite well. The look she gives you makes you pay attention and hopefully you eventually understand the intelligence behind this fine animal. Second Edition has a continued attachment to littermates throughout her life.

Neptune Trine Venus:

If looks could kill Second Edition would surely be a slayer. The laid back assured way that Second Edition presents this is part of the appeal. Not overly energetic, Second Edition would prefer you come to her with treats. She knows you can't resist and if she looks cute enough you'll eventually come through.

Pluto

Pluto in Second Edition's chart shows where she has the greatest potential. Through instruction and sometimes change she can achieve mastery of any skill you teach her. Instinctively Second Edition knows, as if from a prior lifetime, exactly how to do things, even if she was never taught before. Never having experienced a specific activity before and without prior knowledge, Second Edition can be an expert at this activity expressed by the house in which Pluto is located.

Pluto in Sagittarius:

Second Edition has enough adventure in her to provide you with entertainment for life. Almost goofy in her antics she can give you hours of fun. Follow her to wooded paths where Second Edition can hunt, trail and raise prey just for entertainment. Provide Second Edition with ample outdoor play time where she can roam in the wild.

Pluto in the 1st house:

The transformation necessary is inevitably in Second Edition's personality. Her alpha qualities that identify her will have to be changed so she can live in the hierarchy you have created. Second Edition may challenge you, testing to see if this has to remain so. By becoming submissive Second Edition learns that transformation can be rewarding. Allow her to be top dog in your household and treat her with the utmost respect. Her identity is one that deserves respect so that past insecurities will be resolved.

Pluto Square Mercury:

Second Edition does not always think before acting. Her aggressive attitude will have to be changed right from the first day you begin training. Second Edition's headstrong attitude will require the right owner to make things work out. With the right method you may be able to control this dominant dog into seeing things your way. Second Edition learns quickly and will soon be trying to please you.

Pluto Sextile Venus:

It's not hard to fall in love with Second Edition. She simply adores you and shows you every chance she gets. Very affectionate to all members of the family. The bonds she forms with you are strong and unchallenged.
